Help us build meaningful data in 5 minutes and...enter to win a cruise

On or after April 8, 2008 our annual PMP survey prompt will begin to appear on your PMP screen. This data plays an extremely important role in supporting OCA's advocacy efforts on behalf of chiropractors to a broad range of stakeholders.

The larger the sample size the more accurate the statistical data we can use to advocate on behalf of the profession.

Previous year stat reports have produced the following results:

	Average Fee per Visit	Income (Gross)	Discrete Patients Seen	Income per Patient	Visits per patient
2003/04	\$27.00	\$148,391	592	\$235	8.60
2004/05	\$29.00	\$145,237	543	\$257	8.90
2005/06	\$30.00	\$151,857	582	\$250	8.30

After you have filled out the information you will be entered into a draw for a "Cruise of a Lifetime". Once this information has been entered statistical information will generate automatically. Please be assured that all information collected is confidential; there are no identifiers to you, your patients, or your clinic. The Statistical Report remains active until April 30, 2008. The deadline for submission is May 15, 2008.

Here is all you need to complete the Statistical Report. Fill in the blanks and give it to your front desk or PMP staff:
